

Payroll and Pennies

Payroll Giving and Pennies From Heaven are two ways for employees to donate monthly to charity. Small donations from lots of employees add up to a real difference.

Payroll Giving

When employees donate through their payroll, the donations come to us before income tax is taken off – so a donation of £5 costs a basic rate taxpayer £4 and a higher rate taxpayer between £2.50 and £3. It is a flexible way to give – employees can give to several different charities at once and they can increase or decrease donations at any time.

Pennies From Heaven

Individuals sign up once and then their salary is rounded down to the nearest pound, with the pennies donated to charity.

The most you can ever give is 99p every time you are paid. Simple and what's more HMRC will add 25% at no cost to the donor or employer.

Each employer chooses one or more charities to which all staff donate to – this can be any registered charity you like.

Everyone gives a little but together the team makes a big difference to a charity that matters to them.

Helping small change make **BIG** Change.

Payroll giving = security

Over the last three years one Dorset Business has donated in excess of £30,000 via payroll giving and this helps Julia's House to plan activities knowing that regular donations are being made.

Just £5 a month

If 20 of your employees donated £5 a month through their payroll this equals £1,440, enough to fund a typical hospice session for up to six school-age children.

Benefits to your business

You can apply for a quality mark award which recognises your organisation for making payroll giving or Pennies From Heaven available to your staff.

How to get started

Contact our Corporate Fundraiser, Caroline Attreed or for more information about both the schemes visit www.penniesfromheaven.co.uk or www.payrollgiving.co.uk
